

Transparency report on content moderation activities

February - December 2024

About IKOULA

IKOULA is a hosting service provider.

Context

In accordance with the requirements of Article 15 of the European Digital Services Act (DSA), IKOULA is required to publish, at least once a year, a transparency report on its content moderation activities.

This report presents IKOULA's content moderation activities and covers the period **from February to December 2024**.

IKOULA's content moderation activities

1. Injunctions received by Member State authorities

Article 15(1), point a

a) Number of injunctions by Member States to take action against illegal content

IKOULA has not received any injunction from a Member State to act against illegal content.

b) Number of information injunctions issued by Member States

IKOULA has not been ordered by any Member State to provide any information.

2. Notifications submitted in accordance with Article 16 of the Regulation

Article 15(1), point b

a) Number of notifications submitted classified by type of presumed illegal content concerned

No notification was submitted in accordance with Article 16 of the Regulation.

b) Number of notifications submitted by trusted signallers

No notification was submitted by trusted signallers.

c) Action taken in respect of notifications, specifying whether the action was taken on the basis of IKOULA's legislation or terms and conditions

No action was taken in respect of the notifications.

d) Number of notifications processed automatically

No notification was processed automatically.

e) The median time required to take action

N/A

3. Content moderation activities initiated by IKOULA

Article 15(1), point c

As IKOULA has not been confronted with any illegal activities, it has not undertaken any content moderation activities on its own initiative.

4. Number of complaints received via internal complaints processing systems in accordance with IKOULA's general terms and conditions

IKOULA has not received any complaints through its internal complaints processing systems.

5. Use of automated means to moderate content

IKOULA does not use automated means to moderate content.
