DEDICATED SERVER - AGILE M3

Versatile performance to meet your needs

The reliable and cost-effective server

The **Agile M3** combines power and reliability at the best price. Equipped with an **Intel® Core™ i5-13500** processor, it delivers outstanding performance while remaining energy efficient. With 64 GB of RAM, it ensures **smooth multitasking** and **flawless handling** of even the most demanding workloads.

The **dual NVMe storage** provides lightning-fast access times while securing your data through redundancy.

The Agile M3 is the perfect balance of speed, stability, and affordability — a dedicated server built to support your ambitions with confidence.

A ROBUST AND AFFORDABLE SERVER

Reliability at a controlled cost

The Key Strengths of the Agile M3

- **Cutting-edge processing power** with the **Intel® Core™ i5-13500**, featuring 14 cores and 20 threads for efficient multitasking and smooth execution of demanding applications.
- **Enhanced speed and responsiveness**, ensuring faster response times and a seamless user experience.
- **Full support for virtualization technologies**: its processor can run multiple virtual machines simultaneously and efficiently, delivering greater flexibility and scalability.

DEDICATED SERVER - AGILE M3

AGILE M3 technical specifications

CPU

- **Intel® Core™ i5-13500** - 14 cores / 20 threads
- Base frequency @2,5 Ghz (turbo max : 4,8 GHz)
- Multithread score : 31 231 points (source : CPU Benchmark)
- TDP 58W

RAM

- **64 GB DDR4** - 4 slots
- Option : 128 GB DDR4*

STORAGE

- **2 x 500 GB** SSD Gen4 NVMe
- Option : 2 x 1 TB SSD Gen4 NVMe*

RAID

- RAID Software 1
